PROJECT DESCRIPTION

Fill in wetlands for housing pad.

TYPE OF PROJECT ☐ COMMERCIAL ☐ PUBLIC ☑ PRIVATE

SITE CONDITIONS

PROJECT SITE (HABITAT, STRUCTURES, CY FILL, SLOPE)

ADJACENT UPLAND PROPERTY

ADJACENT WATERFRONT PROPERTIES

REMARKS

Mr. Marak showed me the lot he owns. He wants to place fill to provide a level pad for a mobile home and yard. Site contains wetlands. We discussed alternatives. Only lot he owns. Would not want to fill entire lot - just enough for house pad + yard. Would leave remainder as is. I informed him permit required. I advised about NWI for single family housing. Gave him application and said I would send information on single family housing NW permit.
