> Morning, Dave—as a follow-up to our Friday briefing on FL and CWA 404 assumption, attached are the several documents that you requested of OWOW. I'll bring down hard copies of all so that you have them handy. We understand that Matt sent you the most current version of their ESA briefing paper; would be great for OWOW staff to have that one -- or any subsequent one after your meeting -- so that Kathy can ensure consistency in drafting any relevant proposed rule text.

> 1. FL-EPA draft MOA - Note this is not yet public. This most recent version has new language from FL we as a team (FDEP and EPA) have not discussed.
> 2. ESA materials: 2010 EPA memo, NJ MOAs, MI MOA. OR proposal. (The OR proposal was a potential path forward and product of EPA funded facilitated discussions between NMFS, OR, USFWS and EPA. Intent was to develop an MOA similar to NJ example that laid out process and structure.)
