Thanks Kelly for sending the update on the rules.

And just so all are aware, I need to give John G. A list of outstanding major issues that need to be resolved prior to approval of FL's program. Please let me know if I'm missing anything in the list below.

Thanks, Kathy

All,

Please see Heather's message below. I wanted to verify that the track change docs we're reviewing (links sent to you in email 2/13) highlighted all the changes since we last reviewed the docs in August 2019. As you can see from Heather's message, edits made between 7/19-11/19 are not shown. Therefore I'll be running a compare docs on the Rule (Draft_FAR_NOPR_331_2_10_2020), the Handbook (Draft_404_Handbook_1_30_2020), and the crosswalk (DRAFT Regulatory Checklist 2-13-2020) and will sent the link to everyone as soon as I complete them.

Changes made since November 19 are shown as tracked, but we did make a few changes, mostly at EPA request between 7/19 and 11/19. It would be a good idea to take the last version you had and run a comparison in Word. I also added a newer version of the crosswalk just now.

Hi Rosemary and Kelly,

I placed the most recent drafts here:

**Ex. 6 Personal Privacy (PP)**

Please let me know if you have questions. I still need to clean up the crosswalk by finding any dated references to the CFR and updating them like we did in the rule, but functionally it is ok.
