Here's a document comparison Tom did between the most current version of the Corps-FDEP MOA and the version that EPA shared with the Corps and FDEP in November.

Rosemary,

I'm also showing those as corrupted. I'm not sure what happened when it was copied over but the most recent I'm able to find was last edited 12-5-18. I believe this is the current version?

Hi, Kelly – I'm trying to pull up the Corps-FDEP MOA for reference during today's call, but the version on SharePoint won't open.
(Also, I'm not sure whether "Draft3…" or "16-28Aug-COB1500…" is the most recent version. I can't open either of those, though.)

Can you open? Got a local copy? If so, can you send to me ahead of time and be prepared to send out if others run into the same thing at the last moment or during the meeting?

Thanks
