Flag: Follow up

Will do, thanks Kelly!

Also, at the end of the document, they have a list of contacts associated with the BA. Below is what they have listed for EPA. Can you add anyone that is missing?

Rosemary Calli – US Environmental Protection Agency

Matt Hicks – US Environmental Protection Agency

Kelly Laycock – US Environmental Protection Agency

Tom McGill – US Environmental Protection Agency

Alexis Wade – US Environmental Protection Agency

Thanks!
Mary

Hey Mary,
Yeah that comment came from our legal folks and just thought State 404 BiOp might give the impression either the state was issuing the BiOp or the state was in consultation with USFWS. I think the suggested name was "Program assumption BiOp" and yes I believe it should be consistently named in both documents to prevent confusion.

Subject: Hi Kelly, quick question

I have a quick question (maybe). In our last teleconference, it was suggested that the State 404 BiOp be renamed to Assumption 404 BiOp for the MOA. This wasn't suggested in the review of the BA. Should it remain the way it is in the BA?

Thanks,
Mary
