SUMMARY OF CALL:

We discussed three of the permit application (Chemical Processors) Pier 91, Tacoma St, and Alexander Ave. We did not talk about Chempro Portland because he did not have that permit yet. Many of the mistakes were duplicated on each of the app. He was in a great hurry and did not want to go over each one. I expect there will be some mistakes on the new permit A's. He is going to call me back when he gets Chempro - Portland
