EPA has provided an additional copy of this Information Request so that you may write your answers directly on the copy and return it to EPA. Please keep the original for your files. In your answers, please identify who answered each question, who may have been consulted in preparing the answer, and identify any and all documents consulted or referred to in preparation of your answer. If you do not have documents to support your answers, please explain why the documents are no longer available, and provide answers using the best of your recollection.

Question

1. EPA has information that you have delivered lead contaminated soil to properties located in Jefferson, Washington, and/or Franklin counties. Please list the name, address, and phone number of any person or company where you have delivered soil, sand, gravel, and/or rock obtained from James Stewart, 6752 Big River Heights Road, DeSoto, Missouri. Please limit your response to deliveries made over the last 17 years (i.e. since 1991). Please provide any receipts and/or invoices you may have produced regarding these deliveries.

Because we have no way of knowing where the dirt came from for most of our jobs, we asked our hauling company. The only jobs/addresses he had record of are listed below:

Provided by D.R.&J. Trucking

① David French (4-17-05)
1539 Brandywine
DeSoto MO 63020

② Owner name unknown-property sold since job completed (5-31-02)
1640 Berry Dairy
DeSoto MO 63020

③ Mike Pope (6-1-01)
225 Patricia Lee Drive
DeSoto MO 63020

There was a job in the Arnold area as well, but no address, and we have no record of that job in 2004. →
