Thank you for the heads-up. When we went through this with Stef, it took 1.5 hours, but I will try to speed it up.

Thank you, Lisa.

I wanted to make you aware that I focused on Martha and Jacqueline's calendars for one hour slots, so unfortunately, they may not be available for the full 1.5 hours that you scheduled.

Robert: I checked Cindy and my calendars, the only conflict we have with these dates/times is with 1 PM on 2/2. All the other options would work for us. I suggest we try to lock in something next week if that works for Lisa's schedule.

By the way, I am wondering if you all have any initial feedback for us on our regulatory basis document that we mentioned in our last meeting and Lisa forwarded to Stef around January 11? We are getting ready for our next major posting to revise our Alaska approved list and wanted to potentially incorporate any feedback you might have.

Thanks!

Alice

I apologize for the late replies on this. Cindy and I have a conflict at 5 PM on the 19th, but we could be available in the other time block that was identified for tomorrow. I have a meeting that starts at 3:30 ET tomorrow, but Cindy could remain on. I wasn't sure if this was workable for Lisa, though. We may need to search out another time.

I am available on the 19th from 4:30-5:30 pm. FYI, I have been having problems accessing Team meetings. I can set up a meeting with gotomeeting, if that works for EPA.

Sorry, good catch☺ I avoided the inauguration but forgot about the Monday holiday. It looks like Tuesday, January 19th from 4:30 – 5:30pm (EST) will work as well.

I believe the 18th is a federal holiday (Martin Luther King Day)! Probably why it is open!

Subject: presentation question

Hi, I hope everyone is enjoying the holiday season and staying healthy. On our last call, we offered to provide a presentation on the review findings for appliances tested with ASTM 3053 that include data taken from test reports and data from our research efforts. We have provided this presentation to OAQPS staff and wondered if OECA staff might be interested in scheduling a time to show this information? If so, can you please send me times that work for you? I anticipate that Alaska staff will join in this meeting, as they did when we briefed OAQPS staff, so please look at times in the afternoon rather than the morning.

Thanks!
