Good afternoon. Attached are copies of the Env. Lead Assessments for those 3 addresses. The lab results of the samples taken by the Childhood Lead staff are contained in the reports. The lab sample results obtained from the samples done by the City of Clarksburg were also done at a certified lab. I thought you were provided with copies of those last week. If you need them again, let us know and we can forward those on.

I've attached a photo of the filter that was provided to the home owners.

I will let Meredith answer the rest of the questions and fill you in on her hour long conversation with the General Manager that occurred this afternoon.

Have a good evening. MC

Hi Michelle and Meredith. Thank you again for jumping on a call with us this morning. I can only imagine the intense pressure on your time and resources, and appreciate how thorough and forthcoming you've been. After our call additional questions arose from our drinking water and enforcement teams:
