Office of the City Manager
710 Mill Bay Road, Room 114, Kodiak, Alaska 99615

August 7, 2020

Mr. Chris Hladick
Regional Administrator
EPA Region 10
1200 6th Avenue
Seattle, WA 98101

Dear Mr. Hladick,

The City of Kodiak is seeking authorization under the Marine Protection, Research and Sanctuaries Act (MPRSA) general permit for the disposal at sea of the 124ft. / 500 ton former passenger vessel WILD ALASKAN. WILD ALASKAN has been in the custody of the City of Kodiak since it was determined to be a "port risk" and was impounded on December 21, 2017.

We have attached a vessel disposal plan which outlines the situation and explains how the conditions of this case meet the general permit requirements outlined in 40 USC 229.3.

Please contact myself or Harbormaster, Michael Sarnowski at (907) 486-8086 or msarnowski@city.kodiak.ak.us should you have any questions or requests for additional information.

Regards,

Mike Tvenge

Mike Tvenge
City Manager
