Good morning, Virginia.

We were unable to email the QQQ Audit report due to its size. The audit report itself is over 40 megabytes, so we only sent a paper copy to all of the addresses in the CD as our email server will not allow anything that big through the server.

If you need an electronic copy, please contact me at (312) 809-4038 to discuss methods of getting this large file to you. We can send a summary of the findings and action plan if you would like.

Regards,

Allen Ellett

Subject: NSPS Subpart QQQ Audit Report and Corrective Action Plan

Hi Allen,

BPH's recent semiannual report indicates that the NSPS Subpart QQQ audit report and corrective action plan were submitted on 7/21/2020, but I've haven't been able to locate an electronic copy. Could you please forward them to me?

Thank you,
