John
Thanks for the update, I hope the conversation with Thomas goes well. If you and Angeles are still available we would like to keep up the conversation recognizing the call may be shorter. Talk to you later today.
Regards
Lawrence

Subject: [Non-DoD Source] RE: Hunters Point Shipyard Management Check-in

Lawrence and Kim,

Angeles and I were just discussing that, besides the BPRG issue which is being elevated, we don't really have any issues that we need to bring up this time. I am having a call with Thomas in the morning to cover status updates on a few things, including where we are on the air monitoring equipment, the D-1 decision document issue, and FFA schedules. I'm not sure those issues are ripe for this group at the moment.

So we propose cancelling our call, but are happy to keep it if you'd like to discuss anything.

John
