Terry's email below is responding to the Navy claim that "RESRAD Build has been the tool that the DON, EPA Region 9, and the California Department of Public Health have used to develop and evaluate building radiological remediation goals at HPNS and many other installations."

Hi Kimberly,

Thank you for sharing BPMO-20-034 with me on 12/11/2020. CDPH-EMB understands that the RESRAD data has been provided to us over the past few years. However, we do not rely on this data to make recommendations on the unrestricted radiological release for a site. Instead, CDPH-EMB utilizes the California Code of Regulations, Title 17, Section 30256(k) to release a site for radiological unrestricted use.

Please feel free to contact me for any questions. Thank you very much.

Sincerely,

Tzong-Ru (Terry) Han, Ph.D.
