Subject: RE: Webinar: Please review pre-prepared Q&A by COB today

Many thanks, Kat!

Those are really good questions, which will likely cover a lot of what our audience wants to learn more about tomorrow.

Looking forward to the presentation and fielding more great questions.

Best,

Alex

Subject: Webinar: Please review pre-prepared Q&A by COB today

Hi Bill & Alex,

If you haven't had a chance yet, please review these draft pre-prepared questions & answers for our webinar tomorrow.

Here's the link where you can edit or add more questions: SRI Webinar_ Conservation Easements Pre-Prepared Questions DRAFT 1.28.20.docx

And just in case you can't get into the link, I've attached a Word draft that you can review/edit and send back to me.

FYI - On Paolo's recommendation, I spoke with the North American Land Trust on Friday about the Santa Susana site in California. NALT wants to work with developers and government on more contaminated sites and said we could drop their name. Steve Carter is the President and said we can send people directly to him.

Thanks and I'm looking forward to tomorrow!

With warm regards,
Kat West
