Hi Calvin, attached are my markups of the cover letter and two Enclosures. Let me know if you have any questions. I expect I'll sign the letter tomorrow (and accordingly gave them 30 days to respond). Thanks, David

Hi David,

Attached is our technical review comments #2 for your review and comments.

Please note that since the EPA Cost Evaluation Tool was designed for EPA's use, we may not want to show our cost estimates, including exhibits and appendices in the FR evaluation to CES, rather only to ask CES for the information described in "Questions/Requests" and to recommend them to hire an independent third party to conduct an estimate on costs of all required activities.

Thanks,
Calvin
