Hi Calvin, here is the signed letter. Thanks!
And can you remind me whether we have received the 4th review from Cadmus yet? And the expected timing on that one? Thanks, David

Good morning, David,

I have made the below two changes in the cover letter. updated request attached.

Thanks,
Calvin

Hi Calvin, the Enclosures look fine. I noticed that the due date falls on a Saturday, so we should adjust that to Nov 9 (Monday). Also, since we are making a minor change to the cover letter, can you also include "CES-Mendota Site" (or Project) in the re: line somewhere? Thanks, David

Hi David,

Attached is the final request for your signature. If it looks good to you, let's issue it tomorrow's morning.

Thanks,
Calvin

Hi Calvin

The attached document contains our responses to David's two comments.

Also I can confirm that there is no confidential information in this document.

Please let me know if you need anything else.

Hi Shari,

Can you please respond to David's comments on the AoR modeling evaluation as described in the email below and attached.

Thanks,
Calvin

Subject: RE: CES tech review comments #3

Hi Calvin, I reviewed the two Enclosures and they are attached with my comments/questions. One additional question I have about Enclosure 2 is wanting to be sure we are not including anything that would be considered CBI, since our comments note that we are reviewing the geomodel that was developed in part by data from SEI and IHS. You may have already checked that with Cadmus, but I wanted to be 100% certain that we do not inadvertently release CBI data.

I'll take a look at the cover letter and send you any comments/edits on that separately.
Thanks,
David
