MDNR Comments
Jan 12, 2017 Meeting

(1) Main Street and
Zill Sites
To the Know: EPA should know that they aren't ignoring exposures. No present known exposure. Ongoing threat → not present exposure
Not being addressed.

Main Street - different. Constant exposure.

(2.) Section IV page 10
MDNR - 30 days can't always work for project management notifications

(3) Workload
p.11 STAFF Deficiencies Actually 11
13 Williams Staff persons

(4) Technical Staff not present during final dispute resolution
Aaron Schmidt → the staff IS involved in decision
Dispute resolution process can be improved. Effort will be made

(5) 3rd Party Review would be welcome
