Sounds good. Thanks Calvin.

Can you send me the information relating to the EJSCREEN analysis, when that data becomes available? I'm curious to see what issues there are.

Thank you,
Desean

Hi Desean,

The timeframe should be OK.

FYI – We continue working with CES to address ESA & NHPA compliance, financial assurance, and a few remaining technical issues. We will also work with our EJ office because the project site area has high EJ indices. If everything works out, we expect to make a preliminary permit decision in summer 2021.

Thank you and let me know if you have any questions.

Calvin

Calvin,

I'll be able to send it to Ivan by the end of this week for his review. I'm not sure when Sylvia will be able to sign it. Hopefully sometime in the next few weeks. Hopefully that timeframe is OK.

Hi Calvin,

I'm still drafting it. Is there a deadline that the Groundwater Protection section needs the memo by? I can resume drafting it and have it done by the end of the week.

Desean

Hi Desean, any update on the review of the memo for recommendation on confidentiality determination? Thanks.

Hi Jenny and Desean,

I know it has been a while since our last discussion on this but I have drafted the attached memo for recommendation on confidentiality determination for certain figures included in the CES permit application. Please review the memo in Word and make any edits/revisions needed.

Also attached for your reference are SEI's response to our request for CBI substantiation and its enclosures.

Thanks,
Calvin
