Subject: CES: evaluation of responses to RAI #2
Attachments: Cadmus evaluation of CES responses to RAI 2 (FR and E&RR).docx

Hi Calvin and Kate,

Attached is Cadmus' evaluation of CES's responses to RAI#2 (emergency and remedial response and financial responsibility). A few notes:

- E&RR: We reviewed the updated risk register along with the E&RR Plan, but focused the review on their proposed edits to the Plan, since it (not the risk register) will be the enforceable condition of the permit.
- FR: Most of the financial responsibility evaluation will need to be updated when we receive updated cost estimates. If they are submitted early enough in January, we can update this document before you send the next round of questions to CES.

Please let me know if you have any questions.
