Subject: Multi-Year Agenda: all 3 pieces (we are focusing on V2O5 now...rest of text is stable)
Attachments: draft MYA 11-24-15_cleancopy.docx; draft MYA 11-24-15_redlinedLF.docx; Vanadium pentoxide landing page_Dec2015.docx; Communications plan for MYA_11-24-15.docx

MYA Comms piece:
I changed the date for Agency reviewer notification to Monday...just because. We can send pieces to folks who have asked (Like Marion Hoyer) any time. I accepted all edits. This is the "final draft" version.

MYA:
I edited the V2O5 text. See what you think. I attached a redline and a cleancopy. Unless someone has real heartburn, I would move this to the IOAA.

V2O5 landing page:
This is new. See what you think. Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

I am happy to turn this over to someone else at this point.....who wants to keep the electronic versions?
The goal is to send these over to Kacee, Elizabeth, Maureen and Carolyn Hubbard by COB today. I am sure that they will have some comments. We need to see if we are on track.
We can wordsmith more later.....right?

Hi all:
Here is the revised comms piece. You will see a new clean copy and also a compare version with Lou's last version. I have added David for a second set of eyes on the vanadium (ancillary message on page 2).

As a reminder (just in case this is needed)---the comms piece may be used by the communications folks when they get questions about the multi-year agenda.
They may respond to the press or others using this information, without consulting with us. So words matter, sigh!

HERE IS WHAT I DID:

Ex. 5 Deliberative Process (DP)

I would like to send drafts (since Lou is out, one of us can do it, or Dahnish?) of all 3 to the IOAA (and Carolyn Hubbard) by COB today OR IF ANYONE IS HERE TOMORROW AND WANT TO EDIT MORE, THEN HAVE AT IT ☺.

That gives us a few days to polish and get input from the IOAA.

Subject: Multi-Year Agenda materials PLEASE REIVEW

Hi all,

I've attached updated drafts of the multi-year agenda and the communications plan to this email. Please review when you can. I know many of you are at the managers meeting next week, but I would like to share the comms plan outside NCEA by the 18th. Many of the Q&A's have already been reviewed, but I've highlighted some new additions and have comment bubbles for a few people (Lynn, there are some directed to you). PLEASE READ BELOW, and let's figure out what you think of next steps:

A couple points:

1) This comms plan identifies a release of the multi-year agenda on Friday, December 4th. Based on all of our eagerness in getting this out (particularly Ken's), can we agree that we should tell the IOAA and try and schedule that OMB briefing now? Can we use the Dec 4th date as leverage? I assume whenever the meeting is scheduled, it will be a small group of people going (Ken, Vince, Lynn)?
2) Take a look at the attached multi-year agenda as well. the only changes I made were to the sentence about dioxin, consistent with what I heard at the last Matt Fritz briefing. Are there any other changes needed to that document?
