Subject: RE: Draft Slides for Thursday's OHHRRAF overview on BaP

Looks great to me for the discussion! I got bogged down in tweaking a couple of things in the previous draft, but realized they were very minor at about the time you sent out this version. It should go very well.

Hi all, thanks for the feedback. I've made some edits in response to comments from Lynn, Linda, and Ravi:

Ex. 5 Deliberative Process (DP) re

I've added "draft" into the titles for slides 5-7 and 9

Ex. 5 Deliberative Process (DP)

In my efforts to capture the panel recommendations, I may have made some slides too wordy (eg 11 and 12). Let me know if you have suggestions for shortening this text.

Thanks for sharing! Quick comments---put the word "draft on a few more slides ---5-7 stood out to me. Slide 5 seems to be wonky with a bunch of white space -could be my iPhone! One other suggestion- your call- Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Good luck!

For your review, here is a short overview presentation cobbled together from my two SAB presentations and my SOT poster on the dermal slope factor.

Please submit your comments and edits soon as I need to send it to the chairs by Wednesday (sorry so last minute!). Let me know if anyone wants to schedule a meeting to discuss the slides.

Thanks,

Kathleen

Hi Wendy, that timing sounds good. Vince will probably say a few words before I go through my presentation. I will probably spend about 15 minutes or so on my slides which should leave plenty of time for Q and A. Several folks from the BaP team are planning to call in to help field questions (I'm CCing them here).

We will plan on sending slides on Wednesday.

Talk to you soon!

-Kathleen

Subject: RE: Current dermal working group?

Hi Kathleen,

Sorry, I can't help you with this – I haven't heard much from or about them in a number of years. I'm cc'ing Rich Kapuscinski who is the third co-chair of OHHRRAF (in addition to Tim and myself) as he may be able to help you.

Thanks again for your willingness to join us on this Thursday for our OHHRRAF call. The draft agenda has your presentation scheduled from 12:40 – about 1:00 pm ET, with 20 minutes or so for Q and A afterwards, ok?

Subject: Current dermal working group?

Hi Wendy and Tim,

Do you happen to know the current membership of EPA's Dermal Working Group? We last worked with them in 2011/2012 (back when Dave Crawford was a chair), so I'm sure my contact list is out of date!

Thanks!

Kathleen
