- NO Questions
- Donated time as project coordinators
- don't have a contract - plans have not been finalized yet
- owners of the property have been doing work
  - neighbor has been calling people
- Kurt told him about RRP Rule - also protective for workers
  - safety precautions for workers and firm
- Headstrong said they had the property tested - he hasn't seen the results

- we can hold off on the inspection until we get the
* lead report - he will send it *
  - we don't have to walk through the property
  - have already been to the site - saw Pat (owner) Collettori doing some work
  - would want to see the scope of the work
* the painter they will hire is certified
- they will serve as the general contractor - manage the subs
  - they will be figuring out the scope.
  ↳ next couple of weeks
- put in an elevator, submit to township
* took down a drop ceiling, remove the mortar in basement
  ≥6 sq. ft of painted surface disturbed
- he is familiar with RRP - he knows about it - had done sandblasting factories in Fishtown in the past
