Re: Freedom of Information Request for 349 East 138th Street, Bronx, NY

To Whom it May Concern:

Under the provision of the Freedom of Information Act, 5 U.S.C. 522, I am requesting access to certain information available from your agency. I would like to receive information regarding the known or potential environmental and public health hazards posed by the toxic waste dump/waste water discharge/chemical storage facility/solid waste site/air discharge/petroleum storage facility/toxic spill located at 349 East 138th Street, Bronx, NY, 10454. Specifically, I would like to obtain:

- A summary of any record of decision regarding the investigation or clean up of the site;
- Notification of the lead agency that is primarily responsible for investigating and cleaning up the site;
- Notification of any legal action involving the site;
- Detailed site reports, monitoring data, regulatory non-compliance notices, documents or studies regarding any pollution problems at this site, and how I may obtain copies of them or review them in person.

If there are any fees imposed for searching or copying the materials I have requested, please inform me of that fact before filling this request. I would appreciate your handling this request as quickly as possible. However, if you do not grant it within 10 working days, as the law stipulates, I will deem it denied. Thank you for your attention. I await you reply.

Sincerely,

Matthew Stock
