Attachments: PAH studies to add to App E.docx

Hi Karen,

Here is the file. Again, just wanting to make sure that 1) we are on the same page regarding how to proceed with these studies and 2) that the modifications I made to the table, with an eye towards sending it to SRC as part of the next set of instructions, accurately reflect our intent.

If your comments are pretty simple, an email response is fine. If you'd like to speak in real time, call either my cell phone Ex. 6 Personal Privacy (PP) preferred due to sound quality) or my desk (703-347-0208).

Thanks again and have a great trip (Danke und hab eine schöne Reise)!
Margaret

Yes, after the IRIS mtg is fine.

Hi Karen,

SRC held off on providing the updated tables until we could get more instructions to them. At the time it seemed reasonable to wait as the long delay wasn't anticipated.

Referring to "PAH studies to add to App E.docx" on Sharepoint, I've made some revisions to the descriptions and information Ex. 5 Deliberative Process (DP) Color coding helps me keep track of the following:

Ex. 5 Deliberative Process (DP)

Would appreciate your comments regarding the accuracy and clarity of the instructions intended for SRC. We can visit tomorrow after the IRIS meeting, if that works for you.

Thanks!

Margaret

Hi Margaret,
Thanks for the review of where we were. I don't think I ever saw an App E that reflects these changes, though.

I know I haven't provided the list of studies involving IICs. I definitely can't provide it before I go.

Glad to discuss other issues tomorrow morning.
Karen

Hi Karen,

Am forwarding this email from July which explains what SRC was waiting for from us when they paused their work on our TO (revised version to which she was referring is attached).

I came across these as I've been working to piece together where things were before our focus turned toward negative controls. Will put together some revised instructions that, hopefully, flow logically from what SRC already has. Will get that to you for review before you depart.

Margaret

Hello Margaret-

I wanted to check in with you as it has been a while since we have communicated. Based on the direction we received in May, SRC completed bullets 1 and 2 (Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP) We are waiting for technical direction on bullet 3 Ex. 5 Deliberative Process (DP) Ex. 5 Deliberative Process (DP) The remaining bulleted tasks will be done once the intermediate index chemical work is completed. Do you know when you might be able to send technical direction on the intermediate index chemical task?

Thanks so much – hope you had an enjoyable holiday weekend!
Heather

Hi Heather,

Please see the responses below.

Ex. 5 Deliberative Process (DP)

Please let me know if you have questions or comments.

Thanks!
Margaret

Good morning Margaret,

I have some clarifying questions below regarding the revised instructions for the PAH RPF analyses:

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Ex. 5 Deliberative Process (DP)

Thank you-
Heather
