Yes will send draft to Sandra by COB, the site will be NFRAPd for federal CERCLA work. The recommendations mention that the foundation should pursue dam reinforcement.

**Subject:** R4 - Reassessment Screening Template

Hi Meredith,

Attached is the reassessment template. Please review and provide feedback. We used the Narrative summary template and a previous reassessment template that was prepared under the START contract.

After getting the green light from you, we will pass on to the states, as a quick template for OCA or NFRAP sites that are on backlog lists. This should enable us to get credit for these activities.

Thanks
