Nick –

Thanks for your message. Today is my first day back in the office after a week of public hearings in Arizona on Navajo Generating Station last week. I am checking in with colleagues as to when we might be able to provide you with an update on Rosemont. I will follow up with you as soon as I hear of my colleagues availability.

Subject: Rosemont Mine

Hi Brent,

Our office is monitoring the progress of the proposed Rosemont Copper Mine in southern Arizona located on the Coronado National Forest.

Sometime next week, can you provide me with a status update on where EPA is on the permitting and EIS work? Thanks sir.
