Susan & Terry:

Thank you for providing the additional information requested by IEC yesterday afternoon. IEC will need some time to review this information and then we would like to discuss it internally so that we can make productive use of everyone's time when we all get together to discuss.

Therefore, we would like to push Monday's call at 9:00 am eastern off for two weeks. We would like to reschedule the call for some time during the week beginning March 21st. I will coordinate getting some proposed dates/times on the government end and if you could do the same for the City side that would be great.

Talk with you soon,

Karl

OK. We can try and use that time for something else if you need it, but please let me know ASAP. Originally this was set for IEC to give some initial feedback on the LTFP. They will need more time to look at the additional information they just got from the City. Therefore, I am not expecting IEC to participate on Monday. However if there's something else we need to discuss with the City Monday morning, I am still available at that time.

Thanks Dennis. The City team on Industrial Economics call that was scheduled for Monday call may be different than the team you may need for your call. I have already let the team know the call is cancelled and have been gathering proposed times for a rescheduled call (which looks like may be some time between Wednesday – Friday of the week of March 21).

I am headed out to Florida with the family next week but will make myself available as needed with whatever we get on the calendar.

Susan & Terry:

Thank you for providing the additional information requested by IEC yesterday afternoon. IEC will need some time to review this information and then we would like to discuss it internally so that we can make productive use of everyone's time when we all get together to discuss.

Therefore, we would like to push Monday's call at 9:00 am eastern off for two weeks. We would like to reschedule the call for some time during the week beginning March 21st. I will coordinate getting some proposed dates/times on the government end and if you could do the same for the City side that would be great.

Talk with you soon,

Karl

Thanks Dennis. The City team on Industrial Economics call that was scheduled for Monday call may be different than the team you may need for your call. I have already let the team know the call is cancelled and have been gathering proposed times for a rescheduled call (which looks like may be some time between Wednesday – Friday of the week of March 21).

I am headed out to Florida with the family next week but will make myself available as needed with whatever we get on the calendar.

Susan & Terry:

Thank you for providing the additional information requested by IEC yesterday afternoon. IEC will need some time to review this information and then we would like to discuss it internally so that we can make productive use of everyone's time when we all get together to discuss.

Therefore, we would like to push Monday's call at 9:00 am eastern off for two weeks. We would like to reschedule the call for some time during the week beginning March 21st. I will coordinate getting some proposed dates/times on the government end and if you could do the same for the City side that would be great.

Talk with you soon,

Karl

Good afternoon

We would like to start back up with our bi-weekly calls to get status updates on work being done under 1431 and 1414. We would like to use this time to go over any work outstanding, deadlines coming up, any issues associated with meeting any deadlines, and any funding or technical assistance opportunities. I will send out an agenda early next week. Looking forward to start this next phase. Please let me know if you have any topics you would like to see on the

agenda and please review the guest list and let me know if anyone else should be included. I appreciate your attention to this.
