Subject: New procedure for checking in with work plans (week of Monday, October 5th)

Good morning Jean!

My primary task for the week is to continue my review for two final EISs—Point Reyes National Seashore General Management Plan Amendment and East San Fernando Valley Transit Corridor Project.

Besides my team meetings, I have the All Hands Meeting on Reopening and the OPA Communications Meeting on Monday morning, another offshore wind webinar focused on the North Coast on Monday afternoon, the TIP Division Managers' Meeting on Tuesday morning, and the OPA Communications Meeting on Thursday morning. I also plan to participate in the Indian Law training on Thursday afternoon.

I plan to work 7:00 to 4:30 or 7:30 to 5:00 each day.

Thank you,
Jason
