Subject: New procedure for checking in with work plans (week of Monday, September 14th)

Good morning Jean!

My primary task for the week is to begin my review for two final EISs published in the Federal Register on Friday—Fossil Creek Wild and Scenic River Comprehensive River Management Plan, and the Point Reyes National Seashore General Management Plan Amendment.

Besides my team meetings, I have a lot of other items on my calendar this week. I have the All Hands Meeting on Reopening and an OPA Communications meeting on Monday morning, an offshore wind webinar Monday afternoon, the TIP Managers' meeting check-in, REAT call, and TIP Division All Hands on Tuesday morning, a call for the Plains Pipeline on Wednesday morning and the kick-off meeting for the Channel Islands wharf replacement project on Wednesday afternoon, and the TIP Division DOP Preview and an OPA Communications meeting on Thursday morning.

I plan to work 7:00 to 4:30 or 7:30 to 5:00 each day.

Thank you,
Jason
