Hello,

Ex. 5 Deliberative Process (DP)

I could meet tomorrow (PM I guess?) if you'd like to discuss this further, or if I've missed the mark in terms of what you were asking me to do. Friday is my CWD, but I could meet next week if you prefer.

Hopefully something in there was useful,
Jason

Thanks, Jason! Yes, I was assuming ASAP was the operative time frame. I glanced through the comments and wonder if the restructuring you are currently doing will address most of the concerns? It's a hope, anyway. :-)
Kate

I'll take a look. When I originally read through the respiratory section I made some notes, which hopefully will be of some use to me now.
When do you need some kind of response/meeting? I assume ASAP, so I'll see what I can have together by COB tomorrow.

Thanks for sharing these, Barbara.

I'm sharing them with Jason F, our primary review of the NPC/POE section, as well as other co-chairs and Weihsueh. Jason, if you could please take a look at these comments and advise what aspects may be consistent with the good work you have been doing with Lynn and others on the formaldehyde team, that would be great. We will be happy to schedule a discussion with George or others to resolve any differences.

Thanks,
Kate
