Hi Bob and Sury,

Thank you for the opportunity to review this revised draft. I agree with the changes made and have accepted all of them, and deleted any prior that comments that were addressed. In the appended file, I have provided additional comments and suggested revisions that build upon my prior comments and that also reflect my review of the response to comments document. I hope these are helpful to you. In all, I found the draft improved but additional work is needed in a few areas:

Ex. 5 Deliberative Process (DP)

Do let me know of any questions.

Thanks,
Kate
