I don't know why I can never remember the name or acronym. I like Bob better.

WWTP's name is Bob. Only kidding, It's the Harrisburg Advanced Wastewater Treatment Plant.

Before you do that, what's the name of the WWTP?

How's this? I added some of the history back in since we have a new RA who may have questions. Also, what's the name of the WWTP?

If otherwise okay, I'll send to Nina.

Thanks,
pl

Pam, it's that time for another RA briefing. Not much has happened with the CRW case since September 14. Here is my bullets. Do you have anything to add?

Capital Region Water (CRW):

- On October 5 and 8, 2021, CRW provided requested documents on Appendix B, CD deliverables, which are a combination of collection system remedial and CSO reduction projects.
- Once EPA and PADEP complete its review of these documents they will determine if additional information is needed from CRW
- EPA and PADEP have meeting on October 28 and November 1 to discuss the deliverables
- The Litigation Team wants to schedule the next settlement meeting before Thanksgiving.
