If we do go to French Creek that is kind of midway so nowhere near my porch. But I still welcome hikes near my place upriver!

That would be awesome. Although I may need to take a nap on your porch before I drive home!

Ok.
And I'm done my trainings. Whew!

This must be something from ECAD because ORC doesn't have anything due yet, but let's keep it in the back pocket for the next one. Thanks.

Probably should have sent this to you as well. Steve drafted this one and I touched it up. Is it too brief?

Mark,

Here is our CRW briefing memo. Please let me know if you need additional information.

Capital Region Water (CRW): On August 24, 2021, EPA and PADEP met with Capital Region Water to discuss the draft amended Consent Decree. The discussion was productive.

- Both sides need to clarify several Long-Term Control Plan (LTCP) issues like sensitive areas and pollutants of concern.
- The parties need to work out when the LTCP will be due and a schedule to do the most serious repairs to the system, including installation of solids and floatable controls for CSO outfalls.
- The next settlement meeting is scheduled for September 14, 2021 to discuss the amended PCD's injunctive relief provisions and its attendant schedule.

- All parties are waiting for the Court to make the decision on the Lower Susquehanna Riverkeepers Association Motion to Intervene as to whether to allow them to become co-plaintiffs.
  Steve Maslowski, ECAD (215) 814-2371, & Pam Lazos, ORC (215) 814-2658
