Subject: ECAD INPUT: State secty talking points - PA and WVDEP- OCT 2021

Greetings:

Below are ECAD's talking points for the PA and WV State secretaries for October 2021. Please let me know if you need anything else.

Thanks,
Beth

OCTOBER 2021
STATE SECRETARIES

WVDEP

PADEP

Nonresponsive based on revised scope

Capital Region Water (CRW):

- On September 14, 2021, EPA and PADEP met with Capital Region Water (CRW) the wastewater authority in Harrisburg, PA to discuss Consent Decree (CD) projects.
  - The discussion focused on Appendix B, CD deliverables, which are a combination of collection system remedial and CSO reduction projects.

Ex. 5 Deliberative Process (DP)

  - All these projects are part of a $100 million project cost investment by PennDOT which will help CRW meet the Paxton Creek TMDL.
  - There are five phases of Green Infrastructure that are being financed by a $13 million loan from PennVest. CRW is expecting 10 to 15% reduction of CSO overflows through GI in the first 12 years.
  - Other projects include CCTV work of the remaining 50% of the collection system, upgrades at the wastewater treatment plant, repairs of CSO regulators and outfall pipes, and repairs to the Spring Creek interceptor. Ex. 5 Deliberative Process (DP)
  - On September 17, 2021, Counsel for both sides discussed key issues (pollutants of concern and sensitive area) to see if they could come to resolution
  - EPA is expecting a series of deliverables from CRW by October 1, 2021, and based on this information, the next settlement negotiation will be scheduled.
