Subject: RE: Tier 2 Integrated Planning One Page Profiles for Review

Hi Stacie,

I'm the integrated planning lead in OW. Thanks for reaching out about your concerns and the timing of developing these profiles. I spoke with my branch chief and OECA about your concerns. Given the status of the enforcement matters in both these cases, we concur that it's best to wait a few months.

On a similar note. I just spoke at a PA MS4 forum this morning on integrated planning generally and highlighted Nonresponsive based on revised scope It seems like PA municipalities are interested in pursuing integrated planning and it would be great to have a future call about EPA/state messaging and education.

We'll plan to touch base in June/July to see where things are and best next steps for these two communities and integrated planning.

I hope that works for you all!

Thanks!
Robyn

Subject: FW: Tier 2 Integrated Planning One Page Profiles for Review

Hello All. My name is Stacie Prat, and I am the section chief of the NPDES program in Region 3. Mark Zolandz and Steve Maslowski made me aware of the request, that was provided to them in the e-mail below. At this time, we are requesting that you hold off on this fact sheet process with both [redacted] and CRW. In regards to [redacted] we do not find it appropriate to highlight this work since we have had a CD modification that has been awaiting signature with DOJ since last summer. We have concerns with reaching out to [redacted] or posting about [redacted] given that we are mired in getting the 5th Modification to the CD approved, since that touches directly on the RWWMP that was part of the Integrated Plan.

In addition, for CRW, we are also tied up in some potential litigation Ex. 5 DP / Ex. 7(A) Ex. 5 Deliberative Process (DP) which again, we have been working on for some time, but have yet finalized. Furthermore, CRW Ex. 5 DP / Ex. 7(A) Ex. 5 Deliberative Process (DP)

Ex. 5 DP / Ex. 7(A)

If you have any further questions, please let me know.

Thanks.

Stacie Pratt, Section Chief

Subject: Tier 2 Integrated Planning One Page Profiles for Review

Hey Liz, Ryan, Steven, and Mark,

Per the Water Infrastructure Improvement Act of 2019, we drafted a report to Congress that provides an overview of EPA's 2012 Integrated Planning framework as well as the municipalities who have developed an integrated plan in accordance with that framework. According to our records, there are two municipalities in your Region that have completed tier two integrated plans Hampton Roads, VA and Harrisburg, PA.

Before we put up the summary profiles for those municipalities on our website, we need you to:

1. Decide if you want to reach out to non-responsive based on revised scope or Harrisburg or if you're OK with us contacting them directly. Please update this table accordingly. Attached is a template email you can send to the municipalities once you reviewed the profiles and we've all agreed on comments if you choose to contact them yourselves.
2. Review the one-page profiles and provide comments within 2-weeks – *Due 5/19 COB* (bonus points for being early ☺). You can find our profiles here.
3. Indicate if there are any specific concerns with these plans at the Regional or State levels and incorporate any State comments as you see fit.

Tier 2 Profiles
Hampton Roads, VA
Harrisburg, PA

Please make your edits by Wednesday, May 19th as we need a final version that incorporates both the region and municipalities comments and photos by Friday June 4, 2021.

Sincerely,

CG
