Hi Gloria,

I left you a voice mail message.

Our clients are under internal pressure and trying to address the concerns you have. Since all attempts to Fax the document failed and for some reason the hard copy has not been mailed can we find a way for you to hand deliver it to a messenger that we will arrange? Our Clients would also like to try to arrange for a call with you to discuss next steps. Could that be set up?

Thanks in advance for your prompt response,

Ephi

Hi Ephi,
Are you available to talk Monday morning. I took some time this weekend to really review your case. We have some issues with some of your releases and hopefully when we talk, we can find ways of addressing some of these issues.

Best,
Gloria

Hi Ephi,
I have not tried it today yet but I saw that the fax machine said yours was busy. I'll try it one more time today. Should I try it now?

Best,
Gloria

Hi Gloria,

Nothing was received today as well. We did get other faxes so we know the machine works...Have you also mailed this to me?

Hi Gloria,

I've just left a voice mail asking whether you have sent the fax and verifying that you have the correct number in case you did. I just double checked and it is indeed the number I gave you : 732-873-3203. If you have not sent the report yet, do you have an ETA for it by any chance?

Thanks and talk to you soon.,

Ephi

Hi Ephi,
Thank you. It will take about a week to get your sanitized documents to you. At that time, I can send the fax to the facility in NJ. Do you have the number?

Best,
Gloria

Dear Gloria,

Thanks for calling me today and suggesting to fax us the engineering report for our review. The finance department at our facility in NJ have a working fax that they maintain and is secure. If you could fax the report to them for the attention of Laura Gubernot that would be highly appreciated.

Thanks and please let me know if you need any additional information.
