RE: Amended Subpart ZZZZ Notification
Fort Beeler Station
Caiman Eastern Midstream, LLC
Marshall County, West Virginia

To Whom It May Concern:

On February 14, 2011, Caiman Eastern Midstream submitted its Notification of Applicability for 40 CFR Part 63, Subpart ZZZZ for the above referenced facility. At that time, we believed that only one engine at this facility, a 607 Hp Waukesha 2895 manufactured in 1996, fell under this rule. However, it has recently come to our attention that three additional engines at this station are covered by this rule. We are therefore submitting this amended notification

If there are any questions or concerns regarding this request for withdrawal, please contact our local environmental consultant, Roger Dhonau, at 412/221-1100, x 1628 or at rdhonau@se-env.com. Alternatively, feel free to contact me at your convenience. We will provide any needed clarification or additional information on this matter immediately.

Sincerely,

Caiman Eastern Midstream, LLC

Curtis Clark
Vice President
