Hi Derek,

I have not received any Sr-90 analysis result from our lab yet. I will share the result with everyone once I have them.

Thank you very much!

Best,

Terry

Derek – Yes, Yolanda and I plan to join the CAC meeting. It's scheduled for 10/25 at 5PM?

To date, EPA has collected 7 split soil samples for Sr-90 analysis. We have received results from 4 of the 7. All results are nd. I only have Navy results for 1 of the 4. The Navy result was also nd.

Hi Terry/Wayne,

I was talking to Dr. Hunnicutt about upcoming CAC meeting where the Navy will be presenting status of Parcel G. As we went over questions on Strontium-90, she asked about split sampling that was conducted by EPA?/DPH and the results.

Do you have results that you can share? Will you be in attendance at the meeting? If so, please be prepared to discuss.
