Subject: FW: Agency Oversight Statistics

// You've already been doing this but FYI

In anticipation of further requests to agencies for oversight statistics, and to help with the consistency of the statistics that they track and provide, please find below guidance that should be communicated to agencies in our respective portfolios. Thanks and happy to discuss.

Oversight Statistics for 116th Congress Only:

1. Number of oversight requests received. (Note that this may include requests in addition to letters from Members (e.g., requests from committee staff via email or by phone.))
2. Number of oversight responses.
3. Number of documents produced in response to oversight requests.
4. Number of pages produced in response to oversight requests.
5. Number of oversight-related hearings.
6. Number of oversight-related briefings.
7. Approximate number of hours spent on oversight-related matters.
