Sub: Gray Water Leak at Platform A

Dear Mr. Tucker,
As stated in my earlier e-mail to you, dated March 18th, the gray water leak was temporarily stopped on March 17th. Subsequently contractors were pressed into service with "Spider Basket" to replace the whole PVC line with a new schedule 80 line. The leak is now permanently fixed. Attached you will find some pertinent documents for this project. If you have any question or need anything further, please let me know.

Best Regards,

Sincerely,

Jay Rao
