Hi Will,

We have two needs where your help may be the fix...

We still need final word from Wolfgang Kunkel (Konkel?) on whether he is approved to participate on the Oil Fate & Transport Modelling panel

I heard from Gene that Gary Mauseth of Polaris is not available due to the expected delivery of a grandchild (family trumps work here, as it should). Gene is also on travel for the next many days, so I was hoping that you could suggest and contact another industry representative to serve on the Control & Abatement panel?

Thanks,

Marc
