Hi Tamara,

Welcome back from your training last week!

The TWG Agreement says "The current NGS Co-Tenants shall cease their operation of conventional coal-fired generation at NGS no later than December 22, 2044. At its election, consistent with the Lease Amendment, the Navajo Nation may continue plant operation at NGS after December 22, 2044 consistent with EPA approval."

Lea or Ann, please weigh in if I am missing something.

Tamara, do you have concerns about this?
