Subject: Santa Rosa and Windsor Permit Renewals. Would like to set up a meeting for this Thursday to discuss permits and touch bases on Eureka meeting

Hi Amelia:

So good to hear from you. I suspect I have missed you until you return on Thursday, but I have a few minutes to give you an update.

The Santa Rosa and Windsor permits should be ready to start through our internal and EPA review tomorrow. We would like to schedule a time to talk to you by phone on Thursday to give a brief overview of the permits. Our schedules are quite flexible on Thursday. Morning would probably be best, sometime between 9 and 12, but we could do afternoon as well.

Thank You.
Cathy

EXTERNAL:

Thanks so much for the update, Cathy. Hope all's been well (and with you too, Heaven and Justin)! Looking forward to talking next week if you'd like, and/or on the following Monday for the Eureka call.

Best,

Amelia Whitson

Subject: Santa Rosa Permit Renewal

Hi Amelia:

I'm guessing you should be back from your work travel some time soon. I hope you are doing well.

I have been working long and hard on the Santa Rosa permit renewal. We had hoped to have it ready to start EPA and Regional Board internal review by today. There's still a little bit of staff work to be done before I send it to you. I am meeting with Heaven and Justin on Monday to do a working meeting to compare the Windsor and Santa Rosa drafts to make sure they are consistent where they need to be. I'm not sure if Justin has sent Windsor to you yet or not, but I believe there will be some changes after our working meeting on Monday.

I hope to get the Santa Rosa permit to you Monday or Tuesday. I hope to talk to you soon.
