Yes – that works well for me.
Thanks
Nicole

All,

How's 8-9 HST this Friday?

lene

Good morning All,

Friday is going to be tricky for me unless we meet early (8 HST) as I have obligations beginning at 9.

Hi Donald,

Nicole and I are booked today. Can we have the meeting Friday morning?

Thanks,

lene

All,

Darrel and I are both at an off-site meeting Tues to Thurs this week from 0800 to 1700. I am flexible all day today. Also, I'm only in Friday morning and out next week returning on March 9th. So, if we can make something happen today, that would be great.

V/r
Donald

Hi Lene
10-11PST works best for me.
Thanks
Nicole

Hi Donald,

There are a number of topics that we'd like to discuss with you outside of Monday's meeting, which would also impact the face to face meeting schedule. Could a Wednesday morning meeting, preferably some time between 7:30 am and 10:00 HST work to discuss this?

Nicole/Steve,

Let us know if a meeting sometime during this time period is acceptable to you too.

Thanks,

lene

Steve, Lene, Roxanne,

Greetings! First, looking forward to our future interactions through the AOC process. Wanted to reach out to you three prior to the Monday meeting in ref to the F2Fs and update you on the next two Public meetings; info below:

Current F2F schedule:
F2F 27 APR week to discuss Destructive Testing Results Report (Corrosion based discussion)
F2F JUN is to discuss groundwater modeling

Public meetings:
1Q2020 public meeting at UoH on 30 March from 6pm to 7:30pm
2Q2020 public meeting week of May 18th

I am not in Hawaii the week of April 27th and looking to move that F2F to the week of May 18th (the same time at the 2Q2020 public meeting). Also, if it is feasible pull the F2F in June to May 18th week. Basically move the corrosion out ~3 weeks and pull the groundwater modeling up 3 weeks. This would also enable the teams to be here for the Public meeting that same week. I know I mentioned this briefly on the phone this past week and I'll discuss it again on Monday. I'm outlining this recommendation for you providing you some time to consider prior to the conference call on Monday. Thank you in advance!

Best regards,

Donald

Very Respectfully,
Donald C. Panthen
Program Director, Red Hill
Navy Region Hawaii / MIDPAC

Aloha Steve, Lene and Roxanne,

I wanted to make a quick email introduction for Mr. Donald Panthen who is assuming responsibility for the Navy Region Hawaii Red Hill Program Manager and Project Coordinator.

Donald, these are the folks who we routinely coordinate with at EPA (Steve Linder) and DOH (Lene and Roxanne).

I recognize we owe EPA/DOH written notification about the change in responsibilities. I will get that to you soon.

Please feel free to contact me if there are any questions or concerns. I will still be involved in some of the technical work supporting the AOC but day to day project coordination will shift to Donald.
