Dan – please pass along the IMH directly to Grant.

Grant – I don't think we're going to get into this level of detail at tomorrow's meeting. I wanted to give you our best sense of what we thought an effective structure would look like from our perspective. I can have Steve and/or Harry give Zoe a call this afternoon to have a discussion about the boxes. More importantly, one outcome of tomorrow's meeting may be that Zoe, Ana and others from DTSC convene with my staff, county and city staff in the next couple of weeks to build upon what has already been devised.

Let's talk about tomorrow's meeting.

A copy of the IMH would answer many of these questions

Hey Enrique,

I'm forwarding a question from DTSC on Region 9's input.

Do you have a preference for trying to get people on a call or, if it's doable and better from your perspective, to provide the information in some other way? Whatever works best.

Thanks much for all of your help on this.

Grant

Thank you Grant. In order for us to provide proper feedback, I think we need to have some discussion on the responsibilities under some of the suggested boxes (sample strike team, disposal strike, situation unit vs. documentation unit, etc.).

Can they share a summary of the roles description? Or the plan is to discuss the proposed Org Chart tomorrow? Thanks.

Zoe

Zoe and Ana,

I am forwarding region 9's suggestions.

Please let me know if I can help.

Thanks,

Grant

My staff took a crack at revising what you sent…. I discussed with them and tweaked it some more.

We can talk later today.
