Subject: RE: [External] AZP Sampling

Rob or Hill,

Do you have any concerns with us attending the sampling event on Wednesday? We are questioning if that gives our de facto approval of the plan, and AZP could use this to say they did a complete assessment, and, if no other samples indicate a problem, no further action is required.

Interested in your thoughts…Brent

Good Morning,

Following today's teleconference, Ken called me and suggested the use of an XRF sampling device to screen soil samples to expand the assessment. Is this a possible way of having a faster understanding of the situation at the site?

Thanks,

Javier E. García
