3/11/13, 11:00 am

Called and left message for Lukas Reyes. We received his letter and I'm calling to schedule inspection.

3/12/13, 10:42am

Spoke to Lukas Reyes. Asked him if 3/18/13 will work for him for inspection. I chose this date since IHS is already planning to meet with him the morning of 3/18/13 and since they'll be covering MBR system and they normally provide engineering support for EPA inspections, ~~the~~ thought we could drive up together. Lukas confirmed 3/18/13 is fine for EPA inspection.
