Re: Extension Request for responding to Section 114 Information Request Letter to Parkway Iron & Metal Inc., Reference Number: CAA-02-2020-1461

Dear Mr. Maybaun:

The United States Environmental Protection Agency (EPA) Region 2, under the authority of Section 114 of the Clean Air Act, issued an information request letter ("IRL") to Parkway Iron & Metal Inc. ("Parkway"), referenced above, on June 9, 2020. Among other things, the IRL requires Parkway to submit information with respect to its facility, located at 613-639 Route 46E, Clifton, New Jersey 07013 (the "Parkway Scrapyard").

EPA has reviewed an email dated July 21, 2020, on behalf of Parkway, that seeks an extension to respond to the requested information. Specifically, the email seeks an extension until August 31, 2020 to submit the information requested. The Air Compliance Branch has the authority to approve additional time for Parkway to comply with the IRL and believes an extension of time is appropriate given the current COVID-19 circumstances. As such, the requested information will now be due no later than August 31, 2020. Generally, EPA is not inclined to give further extensions once one has been granted. However, should the COVID-19 circumstances continue, EPA can consider additional extensions as warranted.

Please continue to address any questions or concerns related to this matter to Joseph Cardile, of my staff, by email at cardile.joseph@epa.gov or telephone at 212-637-4054.

Sincerely,

ROBERT BUETTNER Digitally signed by ROBERT BUETTNER Date: 2020.07.29 13:14:22 -04'00'
