Pennsylvania is being destroyed by the huge gas drilling companies that have completely bought Governor Corbett and the legislature. The gas drillers want to drill tens of thousands of wells. The gas drilling is destroying our most precious resource: Pennsylvania's pure water.

Holiday recipe tips for the perfect

Gas Country Faucet Fired Turkey

- *Open kitchen faucet to fill sink with "naturally occurring" brine and secret "seasonings" (recipe not disclosed).*
- *Soak turkey for 1 hour then drain fluids into holding tank. Retain fluids for gravy.*
- *Open window, prop turkey on sink edge (closer to faucet for more crispy skin).*
- *Turn "water" on medium-high and ignite.*
- *Cook until turkey explodes.*
- *Serve only to gas drilling executives!*
