Hi Mike,

Happy New Year and hope you had a great trip overseas! I just wanted to share with you a draft of the generic chem sector CAA section 114 letter Penny will sign to see if you have any further edits/comments before we generate the specific letters for all 8 entities (since I figured review of 1 document would be easiest). It follows the same general template as the EtO Sterilizer ICR letter Penny signed for the various entities there, so am assuming your review will be pretty quick. Thanks!
